

CHESTER BOROUGH BOARD OF HEALTH

APPLICATION FOR A NEW SEPTIC SYSTEM OR ALTERATION OF AN EXISTING SEPTIC SYSTEM

This application must be completed and filed with the Board of Health together with 12 copies of all soil log data and 12 copies of the individual subsurface sewage disposal system plan prepared by a certified engineer. The following fees must be received before the Board of Health will consider an application. The fee for a residential application is \$700.00. The fee for a commercial application is \$1000.00, (a \$300 review fee and a \$700 permit fee). This complete package must be received in the Board of Health office at least 10 days before the monthly scheduled meeting date for an application to be considered for that month's agenda.
